Project management:	Agile/Scrum methodology, JIRA, Trello
Databases:	PostgreSQL, MySQL, Sequelize
Developer Tools:	Git, Chrome Dev Tools, NPM, Visual Studio Code

EXPERIENCE

Senior Front-End Developer **Remote**

Cloud Initiatives **03/2022 – Present**

- Working in the development of the company's internal projects.
- Mainly focusing on creating reusable components with clean architecture.
- Working with backend engineers to optimize existing API calls to create efficiencies by reducing unneeded API calls.
- Worked in an agile environment participating in all sprint activities, reviewing user stories, participating in estimation exercises and providing updates in scrum meetings.

Senior Front-End Developer **Tashkent, Uzbekistan**

Tinfis Global **09/2021 – 03/2022**

- Developed online store website using NextJS and Tailwind where the main priorities were increasing performance and flexibility.

- Implemented Responsive design by using Tailwind.
- Build out the features from just an idea to an actual product which is used by end users.
- Handle all aspects of the web application including maintaining, testing, debugging, deploying.

Front-End Developer **Tashkent, Uzbekistan**
Smart Technology **07/2020 – 09/2021**

- Experience with common front-end development tools such as Babel, Webpack, NPM, etc.
- Worked on an Agile Development Team (SCRUM) to deliver regular updates to business team and project managers.
- Designed multiple dynamic and browser compatible pages using HTML5, CSS3, Javascript (React, Redux).
- Knowledge of modern authorization mechanisms, such as JSON Web Token

---

Junior Front-End Developer **Tashkent, Uzbekistan**

Venkon Business Group **01/2020 – 07/2021**

- Joined the company as a developer in front end team and worked on landing page of the company.
- Using CSS, HTML5, JavaScript and React JS build different views to let the user know different loan programs and offers.
- Used GitHub as a collaboration and source control tool in a daily-basis.
- Interacted with Project Manager and back-end developers to resolve software and back-end related bugs and issues.

Front-End Developer **Tashkent, Uzbekistan**

PDP **12/2018 – 12/2019**

- Defined and developed the application's business logic using HTML, CSS, JavaScript and jQuery.
- Used Media Queries to deal with different CSS related issues on different devices.
- Worked on Scrum Mode and attended daily stand-ups.
- Made Web Site mobile-friendly by fully optimizing for mobile viewing experience.

EDUCATION

Bangor University **Tashkent, Uzbekistan**
Bachelor of Science – BS, Engineering/Industrial Management 09/2015 - 05/2018
Grade: 1st Class Honours
